## Professional Experience

### Product Analyst

Hansa Solutions — Hyderabad, India

Feb 2024 – December 2025

- Performed SQL-based data analysis and validation to ensure accuracy of complex insurance and financial calculations.
- Built and maintained Excel reports and analysis sheets to track KPIs, operational metrics, and trend insights.
- Designed structured data validation scenarios to identify discrepancies, improving data reliability for reporting and decision-making.
- Collaborated with business and product stakeholders to interpret requirements and deliver data-backed insights.
- Supported release and post-deployment data checks through reconciliation analysis and root-cause investigation.

### Product Consultant (Intern)

HighRadius — Bhubaneswar, India

May 2023 – Jun 2023

- Supported data analysis and SQL-based validation for Order-to-Cash finance workflows.
- Assisted in KPI interpretation, reporting validation, and preparation of stakeholder-ready summaries.
- Contributed to analytics and validation activities across Build, Testing, and Go-Live phases.

## Visualization Experience

- Designed Power BI dashboards to visualize KPIs, trends, and performance metrics for internal reporting.
- Built data models using Power Query for data cleaning, transformation, and validation.
- Created calculated columns and measures using DAX for metric computation and analysis.
- Enabled drill-down analysis and interactive filtering to support stakeholder exploration and insights.

## Analytics & Technical Projects

### Elevate Fitness — User Analytics (Web Application)

- Developed a responsive web application and analyzed user workflow data to identify usability and engagement patterns.
- Supported basic analytics by validating user journey flows and identifying drop-off points.

## Snake Game — Java

- Built an object-oriented Java game applying structured testing and logic validation for reliable outcomes.

## Education

---

### Institute of Technical Education and Research (ITER)

Bachelor of Technology in Computer Science

Bhubaneswar, India

**CGPA: 8.28**

2020 – 2024

## Organizations

---

### Vocal for Local Bharat — Volunteer

Supported Pathshala initiatives through coordination, documentation, and on-ground collaboration.
